PARTNERSHIP WITH CLIENT ST LAWRENCE COLLEGE

THE COMPANY

Established in 1879, St Lawrence College is home to 650 day and boarding pupils from across the globe. It's one of the most prestigious schools in the country with a reputation for world class education.

The school is set in a safe, spacious campus of 45 acres. Cutting-edge facilities and state-of-the-art architecture exist happily alongside the more traditional and very fine late nineteenth century buildings, reminding staff and pupils alike of the long and well-earned reputation of the College, which successfully blends traditional values with twenty-first century enterprise.

PROJECT BRIEF

Throughout the college there were several positions that need filling quickly to deal not only with seasonal demand but also recurring tasks that required regular attendance.

The temporary team's first placements were for cleaning staff. Not only would classrooms and dining halls need cleaning but also the dormitories of their pupils.

With St Lawrence's reputation for high quality, it is only natural that this extended into the kitchens. The task was to find kitchen assistants that could handle the pressures of not only fine dining but catering to over 650 pupils and staff.

TIMEFRAME

This was continuous ongoing work to help meet consistent fluctuations and needs.

“

EXPANDED DETAILS

With temporary recruitment, speed is of the essence. As a result we really looked into what was needed for the role and found those perfectly suited to the job within a short period. They were then contacted to confirm their placement in the rota.

Being efficient is the driving factor for the temporary team. Finding the best people for the role goes beyond just finding someone with experience, but finding someone who can truly understand the needs of the school and be a good fit within the culture. They need to be reliable and provide an excellent quality of service every time. These are the people Morgan Jones finds and places into the roles.
